

# Hummer

## BAND STORY

"

We came together, four friends more brothers. We practiced, lived in the mountain crevices of Santa Cruz, in what was once 'Santa's Villiage. The leaking shanty of a studio provided sight and sound, smiles and good music. We rocked it hard for as long as it lasted.

## LATEST NEWS

Coming Soon

A video has surfaced from back in the days of Hummer at the compound. It's not flashy, and in 1993/94, we certainly didn't have the resolution camera's of today.

It does capture the fun, the magic and the moment of the band, and soon, I'll have some individual songs to upload, to secure it's rightful place in dignit eternity!

Cheers!
